

S&G ELEVATOR SERVICE

Vertical Mobility, Engineered to Elevate

Company Profile

Installation · Maintenance · Modernization · Repair

For more than fifteen years, S&G Elevator Service has designed, installed and maintained premium vertical transport across Delhi NCR — passenger lifts, home elevators, escalators and freight systems — engineered for silence, safety and a ride that feels premium on every floor.

What we do

Installation

Turnkey new elevators — survey, engineering, supply, install, certify.

Maintenance

Preventive AMC with 24×7 breakdown response and genuine spares.

Modernization

Upgrade ageing lifts with modern drives, cabins and safety systems.

Repair & Rescue

Under-30-minute average emergency response; safe passenger rescue.

Why S&G

- In-house certified engineers — never sub-contracted
- Genuine, warranty-backed components from tier-one makers
- 24×7 control room and named account engineers
- Code-plus engineering, fully documented for inspection
- Energy-smart regenerative drives that cut running costs
